

UV silicone

UV curable silicone

UV silicone, radical cross-linking:

- Inerted UV system necessary

UV silicone, cationic cross-linking:

- Inertisation not necessary

UV curable silicone

- **IST UV unit: E-145-2/2-BLK[®]-SLC-N2**
- **200 W/cm**
- **UV siliconisation** **4 lamps**
- **UV siliconisation under N2** **2 lamps**

- **IST UV unit: E-145-2/2-BLK[®]-SLC-N2**
- **200 W/cm**
- **UV siliconisation** **4 lamps**
- **UV siliconisation under N2** **2 lamps**
